Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner proposed amendments for overcoming claim objections and 35 U.S.C. 112, 2nd paragraph problems, but not for overcoming any of the prior art of record. Examiner stated that in particular the amendments to claims 1-3, 5, and 6, were necessary in order to place these claims into proper method claim format wherein the method steps are being positively recited rather than be recited as apparatus with functional limitations as presented in the amendment filed 6/02/2008. Examiner stated that the proposed changes to the other claims are minor in nature. Applicant agreed with the proposed amendments. Please see the Examiner's Amendment for details.
